

# Series 600 – Educational Program

Policy Title: COMMUNITY EDUCATION

Policy Code No. 602.18

---

Because it recognizes that learning is a life-long activity, the Board of Directors supports the concept of community education. Because school facilities belong to the people, they will be made available in accordance with established rental rates when applicable for educational, recreational, cultural, and other community services and programs for all age, ethnic, and socioeconomic groups residing in the community whenever they are not being used for the district's regular program. The use of school facilities on Sunday requires prior approval by the board or its designee.
