

Series 600 – Educational Program

Policy Title: CAREER EDUCATION

Policy Code No. 602.9

Preparing students for careers is one goal of the education program. Career education will be infused into the education program for grades pre-kindergarten through twelve. This education shall include, but not be limited to, awareness of self in relation to others and the needs of society, exploration of employment opportunities, experiences in personal decision-making, and experiences of integrating work ethics and work skills into their lives.

It shall be the responsibility of the director of educational services to assist certified personnel in finding ways to provide career education throughout the curriculum. The Board of Directors, in its review of the curriculum, shall review the means in which career education is combined with other instructional programs.
