Policy Title: **Statement of Guiding Principles For Auxiliary Services**

Policy Code No. 700

This series of the board policy manual is devoted to the goals and objectives for the school district's non-instructional services and business operations that assist in the delivery of the education program. These non-instructional services include, but are not limited to, transportation, and the school lunch program.

The Board of Directors recognizes that its primary purpose is to provide the best education possible within the limits of the established curriculum and the financial ability of the school district. The Board of Directors also recognizes its deep responsibility to the citizens of the school district for the efficient use of public funds. It shall, therefore, be the duty of the Board of Directors to determine guidelines for the most effective use of public funds and for reporting to the public.

The Board of Directors shall, as it deems necessary, make provision for auxiliary services that will enhance the opportunity for all students to take full advantage of the educational program.
