Policy Title: ATTITUDES, CONDUCT, ETHICS, AND INTEGRITY AT EXTRACURRICULAR ACTIVITIES

Policy Code No. 503.10

The Board of Directors recognizes the value of extracurricular activities in the educational process and the values that young people develop when they have the opportunity to participate in an organized activity outside of the traditional classroom.

Participants, coaches, sponsors and responsible adults involved in Board-approved extracurricular activities are expected to demonstrate the same level of responsibility and behavior at practice and competitions as is expected in the classroom. The Board of Directors further encourages the development and promotion of positive attitudes, conduct, ethics, and integrity in all phases of the educational process and in all segments of the community, including administrators, participants, adult supervisors, parents/guardians, students, fans, spirit groups, and support/booster groups.
